## Our Compensation Philosophy

We will anchor our compensation decisions in the following guiding principles:

### Competitive

We offer salaries that are competitive in the D.C. market for similar roles. We assess our competitiveness regularly to ensure that we are able to attract and retain our excellent staff members.

### Transparent

We openly share our compensation structure as an organization and what drives our total compensation package. We provide clarity so that our staff understand their compensation and the investments made in them.

### Fair and Consistent

We ensure that employees within the same position are compensated fairly and consistently. We regularly review data and compensation processes to ensure staff do not experience differences in their compensation based on gender, race, and other demographic factors.

### Sustainable

We plan for our future and ground our investments in our staff in our ability to continue to do so in future years, while also maintaining critical investments in our students and other needed expenses.
